Simple Solutions for Seamless EMR Integration

Secure and HIPAA-Compliant Solution

Electronic, HIPAA-compliant patient reports transferred to your EMR system seamlessly and securely

Our Experience

BioTel Heart has over 15 years of integration experience with most EMR systems including: Allscripts, Cerner, EPIC, GE Centricity/ Muse, eClinical Works, NextGen, Athena, Epiphany, Meditech

15 YRS

Knowledgeable, Dedicated EMR Team

BioTel Heart will provide dedicated support throughout the entire integration process to ensure an automated workflow in a smooth and timely fashion

Reports Available 24/7 in Your EMR System

View reports in the patient's medical record anytime and minimize potential of errors from manual data entry

Environmentally Friendly Solution

No more printing and scanning — our digital EMR solution can significantly reduce paper waste while improving the clarity of clinical reports delivered to your system

## Flexible Integration Design
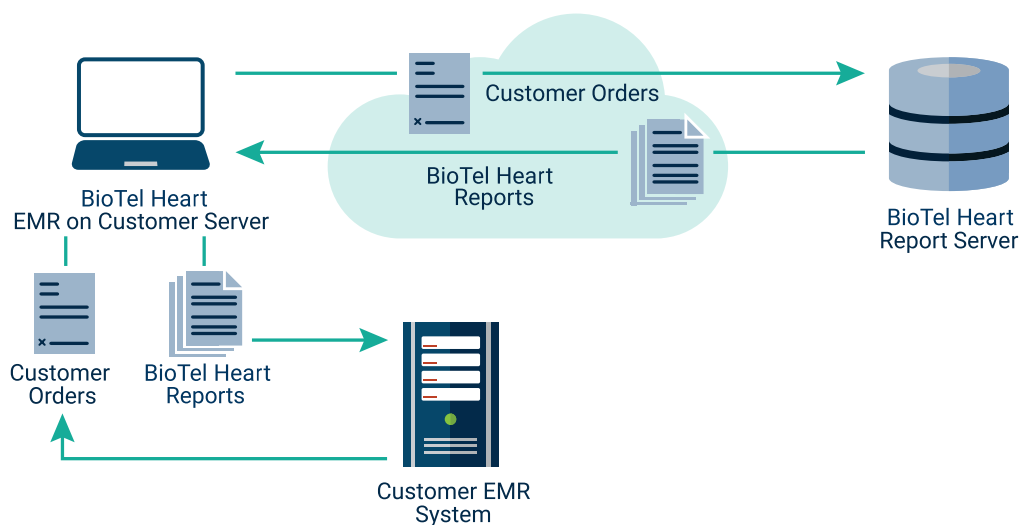

Bi-directional, uni-directional or customized solutions

Uni-Directional, Bi-Directional or Customized designs from BioTel Heart

Uni-Directional Integration

BioTel Heart Reports → Internet → BioTel Heart EMR on Customer Server → Directory Folder → Customer EMR System

Bi-Directional Integration

BioTel Heart EMR on Customer Server — Customer Orders → — BioTel Heart Reports ← — BioTel Heart Report Server

Customer Orders — BioTel Heart Reports → Customer EMR System

To get started, contact your local BioTel Heart Account Executive or call 1.866.426.4402

BioTel Heart's EMR team is ready to work with you and your staff to evaluate current workflow and formulate a plan to streamline your processes.
